GRAG EXCURSIONS

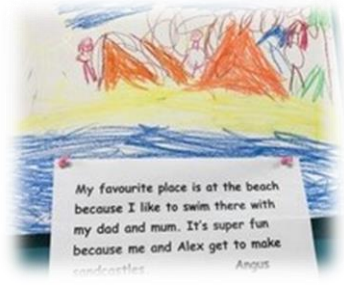

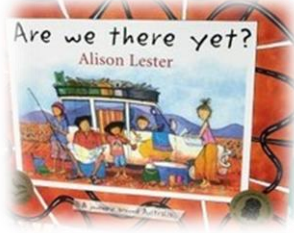

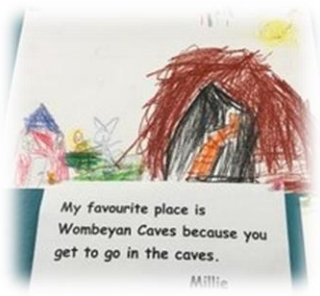

Tambelin students enjoyed a visit to the GRAG to participate in

'How Does Your Garden Grow'.

Meredith has been following up in Science in both the Senior and Junior Rooms. Students have been observing their very own plants grow. Keep an eye on the Juniors' pots out the front of the school...they intend on growing their very own beanstalks!

Yard Maintenance

If there are any families out there that could give current families a break from yard duties that would be greatly appreciated.

Duties would include mowing lawn, weed maintenance and whipper snipping. Please contact staff if you are able to assist.

****We also have a demand for used items. Please send clothing into school and label as 'donation' or 'for sale'. We are happy to pass on quality used items that have been outgrown. This is a great way to reduce the cost of new items when your child requires new sizes.*

A reminder from the Parent Committee.

We encourage all parents to take on an active role in our little school to assist in it's operation. Parent Committee meetings are held routinely in Weeks 3 and 7 of each term. Discussions are being held to possibly change meeting times to cater for a wider range of families as we have very few attendees at this stage. Meetings aim to be short and productive so please consider planning to attend at least one meeting per term. Your input is greatly appreciated and assists the committee in making decisions. Meetings are also a vital source of information so parents know what's going on at school.

Policy Reminder

Please Note-We continue to have many families parking in the bus zone to drop off and collect students. Please read the details below. Please note also that until council have
